Woman Caught on Nanny Cam Sentenced to 8 Years

Jeanine Campbell, 53, who previously pled guilty to three counts of child abuse, was sentenced to eight years of prison and seven years of probation by Judge Adrian Soud. Campbell was hired by a Jacksonville couple to babysit their children on a regular basis. After installing cameras outside and inside of their home due to security concerns and suspicions, the parents were reviewing the indoor hidden camera's video which recorded Campbell striking the 10 month old child and throwing objects at him.
